

QUALITY BRICK-LAYING MORTAR

APPLICATION

Dragon Alfa Quality Brick-Laying Mortar is ideal for above ground brickwork & block work, re pointing & general repairs.

DESCRIPTION

Dragon Alfa QBLM consists of cement, lime, graded sand and selected admixtures, when mixed to the required consistency will produce a superb mix every time.

PACKAGING

Packed in 25kg multi layer paper bags, including a moisture resistant polythene membrane.

48 x 25kg per pallet = 1.2 tonnes

STORAGE

Dragon Alfa QBLM is a cement based product and must be stored in unopened bags, clear of the ground in cool dry conditions.

USAGE

Dragon Alfa Quality Brick Laying Mortar is a high performance, pre blended mortar with superb workability & extended trowel life. It requires no special mixing, simply follow normal working practices for mixing curing and application. There is no need for the addition of further admixtures as this may affect the performance of the product.

HEALTH AND SAFETY

Dragon Alfa Quality Brick Laying Mortar is a cement based product and therefore (as with wet concrete or mortar) may cause irritation, dermatitis or alkali burns. Contact between cement powder and the skin in conjunction with body fluids may also cause irritation, dermatitis or alkali burns. There exists a serious risk of damage to the eyes - Always wear suitable protective clothing and eye wear. In case of contact with the eyes, rinse immediately with clean water and seek medical advice.

- **Contains Chromium (VI) which may cause an allergic reaction**
- **Keep out of reach of children**
